## Lufthansa Cargo exhibits at transport logistic 2025 in Munich

- **Focus topics this year: Strong network & focus industries**
- **Invitation to the press event on June 3 from 9:30 to 11:00 a.m.**
- **Lufthansa Cargo experts help shape the trade fair supporting program**

From June 2 to 5, 2025, the world's largest logistics trade fair "transport logistic" will once again open its doors in Munich. At the same time, "air cargo Europe" will take place as part of transport logistic. Lufthansa Cargo, together with its subsidiaries CB Customs Broker and heyworld and its

partner Swiss WorldCargo, will once again be exhibiting at this year's international trade fair for logistics, mobility, IT and supply chain management. Lufthansa Cargo can be found in a prominent position in Hall A1, Stand 101/202. This year's trade fair presence will focus on the following topics:

- **Strong network:** Lufthansa Cargo operates the leading network to, from and within Europe. With four hubs, the capacities of seven airlines and over 1,000 daily frequencies, cargo customers can send their shipments to more than 350 destinations worldwide. Furthermore, there is a dense RFS network that connects all important economic centers and over 120 RFS stations in Europe alone. In addition, Lufthansa Cargo continuously optimizes its own freighter network to offer flexible and reliable transport solutions.
- **Sector-specific industry solutions:** Automotive, aviation, semiconductors and healthcare are the focus of customized industry solutions that Lufthansa Cargo offers its customers, meeting the specific requirements of the respective industries. Different Lufthansa Cargo experts will be available on each of the four days of the trade fair:
- **Monday, June 2:** Semiconductors - Brinthavani Ehanantharajah-Przybilla, Senior Manager Industry Development - Semiconductors
- **Tuesday, June 3:** Aviation - Javier Salinas Gonzales, Senior Manager Industry Development - Aviation
- **Wednesday, June 4:** Healthcare - Andreas Brasche, Global Industry Manager Life Sciences & Healthcare
- **Thursday, June 5:** Automotive - Rachid Massaoudi, Senior Manager Industry Development - Automotive

**Invitation to participate in the press event and trade fair supporting program**

A special highlight will be the **press event on June 3 from 9:30 to 11:00 a.m.** at the Lufthansa Cargo booth with insights into the strong Lufthansa Cargo network and the Lufthansa Cargo-specific industry solutions for automotive, aviation, semiconductors and healthcare.

**Ashwin Bhat, CEO of Lufthansa Cargo** and **Frank Bauer, CFO and CHRO of Lufthansa Cargo**, will take part in the press event. Interested journalists are cordially invited to attend. Please register in advance at [press@lufthansa-cargo.com](mailto:press@lufthansa-cargo.com), as the number of places is limited.

In addition, Lufthansa Cargo experts will take part in the extensive **supporting program of the global trade fair** and share insights into the company's current projects. Interested parties are also cordially invited to attend:

**Tuesday, June 3, 10:00 to 11:00 a.m. in the Forum in Hall A2:** Oliver von Götz, VP Global Fulfillment Management, will dedicate the panel discussion **“Artificial Intelligence, what is in it for air cargo?”** to the questions of how Artificial Intelligence will make air cargo logistics at Lufthansa Cargo more efficient and forecasts more accurate, as well as how the air cargo industry will benefit from the increasing demand for the transportation of semiconductors and electronic goods, which are crucial for the rapid implementation of AI applications.

**Wednesday, June 4, 1:30 to 2:30 p.m. in the Forum of Hall A1:** Martin Stilz, Senior Project Manager Fulfillment Digitization, will provide insights into the new industry-wide IATA data standard ONE Record in a joint presentation entitled **“Unlocking the Future: AI, Automation and Digitalization in Air Cargo”** with Dr Harald Sieke from the Fraunhofer Institute for Material Flow and Logistics. From 2026, this will gradually create the technological basis for more efficient sharing of a wide range of information and document types for all participants along the transport chain.

**Thursday, June 5, 9:30 a.m. to 4:00 p.m. at the Lufthansa Cargo stand, Hall A1, Stand 101/202:** On the last day of the trade fair, Magdalena Hura and Jennifer Bruene will be available at the Lufthansa Cargo stand as HR experts to provide information about the numerous **jobopportunities at Lufthansa**

## **Cargo.**

The largest leading international trade fair transport logistic is an established meeting place for all players in the fields of logistics and mobility. Air cargo Europe, which takes place at the same time, brings together all players in the air cargo industry under one roof. As a leading provider in the air freight sector, Lufthansa Cargo uses this important platform in its home market to present its latest developments and offerings and to make direct contact with customers and partners. The company's airfreight experts will be available to answer questions and discuss current topics and trends in the airfreight industry with interested trade fair visitors every Monday to Wednesday from 9:30 a.m. to 6:00 p.m. and from 9:30 a.m. to 4:00 p.m. on Thursday at the Lufthansa Cargo stand in Hall A1, 101/202.

### **Lufthansa Cargo**

Lufthansa Cargo is one of the world's leading cargo airlines and part of the Lufthansa Group, Europe's largest airline group. Through its four cargo hubs in Frankfurt, Munich, Brussels and Vienna, the airfreight specialist transports an average of 2,500 tons of freight per day. This is based on a strong and reliable airport-to-airport network that covers some 350 destinations in more than 100 countries. Lufthansa Cargo markets the cargo capacities of the passenger aircraft of Lufthansa Airlines, Austrian Airlines, Brussels Airlines, Discover Airlines and SunExpress, as well as its own freighter fleet of 18 Boeing 777F and four Airbus A321F. In addition, some 300 trucks operate daily under a Lufthansa Cargo flight number. Together with its subsidiaries, Lufthansa Cargo offers customized, fast and efficient logistics solutions along the entire supply chain. In this way, the company fulfills its mission "Enabling Global Business" and connects markets and trading partners worldwide. Innovative technologies and investments in sustainability play a central role. In addition to a modern fleet and the use of sustainable aviation fuel (SAF), the focus is on continuous optimization of flight operations. In 2024, the company generated revenues of 3.26 billion euros and a transport performance of 8.5 billion freight tonne-kilometers. It currently employs approximately 4,200 people worldwide.
