Lufthansa Cargo publishes special flight schedule for freighters to and from China (mainland)

The passenger airlines of the Lufthansa Group have suspended their flights to and from China (mainland without Hong Kong) until 9 February 2020. As a result, the belly capacities of these flights are unfortunately not available for air cargo. Lufthansa Cargo's freighter aircraft from and to the Chinese mainland will from now on operate exclusively according to a special flight schedule (all times Coordinated Universal Time/UTC):

LH8404 / 5 February 2020 (Boeing 777F)

LH8405 / 5 February 2020 (Boeing 777F)

Further connections are under review and are expected to be published on 4 February.

Freighter flights to the Hong Kong Special Administrative Region (HKG) and all other worldwide destinations will continue to operate as scheduled.

Until further notice, live animals (AVI) will no longer be accepted for carriage on routes to and from China (mainland).
