New appointment to the AeroLogic management team

- **Katharina Prost newly appointed as Managing Director Finance and Administration**
- **Joe Moser confirmed as active Managing Director Operations and Accountable Manager**

There are personnel changes at management level at AeroLogic, the joint venture between DHL Express and Lufthansa Cargo. As of October 1, 2022, Katharina Prost is the new Managing Director responsible for Finance and Administration at AeroLogic. Previously, she served as Managing Director at Aeromar, a joint venture between Aeroflot and LSG SkyChefs in Russia. She succeeds Martin Hirsch, who joined Austrian Airlines as Head of Finance in

June.

Thanks to a contract extension, Joe Moser, Managing Director Operations and Accountable Manager of AeroLogic GmbH, will remain active in his existing role, which he has held since March 2017. Previously, he led Flight Operations and Crew Training at AeroLogic.

Dorothea von Boxberg, Chairperson of the Executive Board and CEO of Lufthansa Cargo, said: "With Katharina Prost, we have been able to win an experienced manager for AeroLogic and welcome her warmly. We are also pleased to continue the very good cooperation with Joe Moser. We can now look back on fifteen years of the joint venture and are very proud of what we have achieved together: safe and reliable flight operations and steady growth in the fleet by both partners. In the future, we will continue to rely on the good cooperation in the joint venture and an excellent offer for our customers."

AeroLogic, as a joint venture, has existed between DHL Express and Lufthansa Cargo since 2007 and is based at the important cargo location of Leipzig. The start of the joint operations dates back to summer 2009. Lufthansa Cargo currently markets the capacities of a total of 16 Boeing 777 freighters. Of these, five aircraft are chartered from AeroLogic and also operated by AeroLogic crews, but they operate under a Lufthansa Cargo flight number. The AeroLogic-owned fleet consists of a total of 21 Boeing 777F aircraft.

"We warmly welcome Katharina Prost to AeroLogic. She brings a wealth of valuable experience and perspective," said Travis Cobb, Executive Vice President Global Network Operations & Aviation at DHL Express. "At the same time, we are delighted that Joe Moser has agreed to extend his appointment. It provides AeroLogic with both stability and continuity, and sets it up for further growth."

Lufthansa Cargo AG

With a turnover of 3.8 billion euros and a transport performance of 7.2 billion freight ton kilometers in 2021, Lufthansa Cargo is one of the world's leading

companies in the transport of airfreight. The company currently employs around 4,200 people worldwide. Lufthansa Cargo's focus is on the airport-to-airport business. The route network covers around 300 destinations in more than 100 countries, using both freighter aircraft and cargo capacity from passenger aircraft operated by Lufthansa, Austrian Airlines, Brussels Airlines, Eurowings Discover and SunExpress, as well as trucks. The majority of the cargo business is handled via Frankfurt Airport. Lufthansa Cargo is pursuing the goal of becoming the world's most sustainable cargo airline. To achieve this, the company relies on state-of-the-art technologies and continuous investments in the area of sustainability. In 2021, important milestones were reached, such as the fleet modernization to an all-B777F fleet and the introduction of completely CO2-neutral freight transport for all customers. In 2022, Lufthansa Cargo plans to successively equip its fleet with Sharkskin technology and expand its Sustainable Aviation Fuel program to further reduce CO2 emissions. Lufthansa Cargo is a wholly owned subsidiary of Deutsche Lufthansa AG and the specialist for the logistics business of the Lufthansa Group.
